COMMISSION MEMBERS

Eric Hansen, Chairman

Bill Moss, Vice-Chairman

Kenneth Springs, Secretary

Mayor Mike Houston – M. Farmer

Andy Van Meter – B. McFadden

Alderman Sam Cahnman

Alderman Cory Jobe (November 2012 – June 2013)
(Vacant – September 2012-October 2012)
(Alderman Doris Turner – July 2012-August 2012)

Greg Stumpf (January 2013-June 2013)
(Vacant – December 2012)
(Tim Moore – July 2012-November 2012)

Andy Goleman – C. Stratton

Leslie Sgro – E. McKinley

Frank Vala – T. Carter

Brian Brewer – F. Squires

Dick Ciotti – G. Humphrey

Jeff Vose – S. Fehrholz (January 2013-June 2013)
(Susan White, SSD #186 – July 2012-December 2012)

Larry Hamlin

Brad Mills

Bruce Strom (December 2012-June 2013)
(Vacant – July 2012-November 2012)

Others

Steve Walker

Staff

Jeff Fulgenzi

Norm Sims

Steve Keenan

Joe Zeibert

Mary Jane Niemann

3. **MINUTES OF MEETING.**

Chairman Hansen asked if there were any additions or corrections to the minutes of the January 16, 2013 Regional Planning Commission meeting. There were none. The minutes were accepted as mailed.

4. **MINUTES OF THE EXECUTIVE POLICY BOARD.**

There was no meeting of the Executive Policy Board.

5. **REPORT OF OFFICERS.**

There was no report of officers.

6. **REPORT OF THE EXECUTIVE DIRECTOR.**

- A. **Organizational Chart** – Norm Sims presented an updated organizational chart for the SSCRPC. (See attached). He noted the addition of Amy Uden to the staff. Uden previously assisted the staff via a GPSI internship and formally joined the SSCRPC staff as an Associate Planner on February 11. She will also be providing assistance to Brian McFadden in the County Board office.
- B. **Statement of Economic Interest** – Sims reported that Commission members will be receiving notice regarding the filing of Statements of Economic Interest. The forms will be done online and a filing is required for each applicable board being served on. Planning Commissions are specifically called out in State law.
- C. **Current Project Inventory** – Sims presented the SSCRPC's current project inventory for PY 2012-2013. (See attached). The report outlines projects that have been completed, are in progress, or in the pipeline. He noted that the inventory does not include general planning activities, such as subdivision or zoning review done on an ongoing basis. He also noted that the nature of a project may be ambiguous, citing the Citizens Efficiency Commission as an example where a number of different things to be done are lumped into one project.
- D. **Land Subdivision Committee Membership** – Sims stated that the Regional Planning Commission Chairman appoints members to the Land Subdivision Committee. He noted that correspondence was received from Curran-Gardner Water District that they no longer want to serve on the Land Subdivision Committee. Sims stated Curran-Gardner Water District will still get plans due to the water service agreement with Springfield.
- E. **SSCRPC Information Packets** – Sims noted that a few information packets were available at the meeting if someone did not get a copy. The packets include: the Commission's bylaws, establishing ordinance, last Annual Report, 2013 meeting dates, a list of frequently asked questions, and a copy of State law regarding compliance with the Open Meetings Act.

7. **CORRESPONDENCE.**

There was no correspondence.

8. **PUBLIC HEARING.**

There was no one who wished to address the Commission.

9. COMMITTEE REPORTS.

Joe Zeibert presented the following projects to be reviewed by the Planning Commission this month via a power point presentation. He noted that all the following projects are located in the City of Springfield's subdivision jurisdiction.

Manor Grove

Location & Sketch Map

Variance of Sec. 153.157(I) – Cul-de-Sac Streets

Variance of Sec. 153.158(J) – Stub Streets

Description: Pt. NE ¼, Section 1, T15N, R6W (South side of Old Jacksonville Road, east of Koke Mill Road)

LSC Action: Recommend approval of the Location & Sketch Map, approve a variance of Section 153.157(I) – Cul-De-Sac Streets – to allow one cul-de-sac street in excess of 1000 feet, and approve a variance of Section 153.157(J) – Stub Streets – to allow a subdivision without providing a stub street to undivided property.

Zeibert stated that this development is located south of Old Jacksonville Road, east of Koke Mill Road. Twenty-six half acre lots are planned on 16.5 acres. There are currently four structures on the property. Three will be removed and the other will remain. The parcel has many trees and the developer wants to preserve as many as possible or relocate them.

The ordinance requires that cul-de-sac lengths not exceed 1000'. A variance of this requirement was requested and the developer will provide an interim turnaround.

The ordinance requires streets be stubbed to undeveloped land. A stub street variance was requested. The Land Subdivision Committee felt that a stub street was not needed due to existing development in the area.

Hy-Vee

Large Scale Development Plan

Pt. SE ¼, Section 5, T15N, R5W (West side of MacArthur Boulevard between Cherry Road and Outer Park Drive)

LSC Action: Recommend approval of the Large Scale Development Plan.

Zeibert noted that since this development was last reviewed, the Shell Station at Cherry Road and MacArthur Boulevard has been acquired. The development will consist of a 90,000 sq. ft. grocery store and 4,500 sq. ft. gas station/convenience store with a drive thru. Three access points to the development will be from MacArthur Boulevard, Outer Park Drive and Cherry Road.

Lot 9, Cobblestone Estates, 25th Addition

Site Development Plan

Description: Pt. SE ¼, Section 11, T15N, R6W (South side of Yucan Drive, west of Meadowbrook)

LSC Action: Recommend approval of the Site Development Plan.

Zeibert noted that this development is located between Meadowbrook and Archer Elevator Road, south of Yucan Drive, north of Wabash Avenue. He noted that the development was submitted as a site development plan due to the fact that the sole access to the site is a shared access.

Brad Mills moved to concur with the action of the Land Subdivision Committee on the above mentioned projects. Mike Farmer seconded the motion and the roll call vote was unanimous.

10. UNFINISHED BUSINESS.

There was no unfinished business.

11. NEW BUSINESS.

There was no new business.

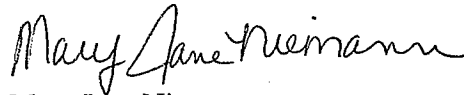

12. SPECIAL ANNOUNCEMENTS.

Sims announced that SSCRPC staff member, Abby Bybee became the proud mother of a new son last week.

13. ADJOURNMENT.

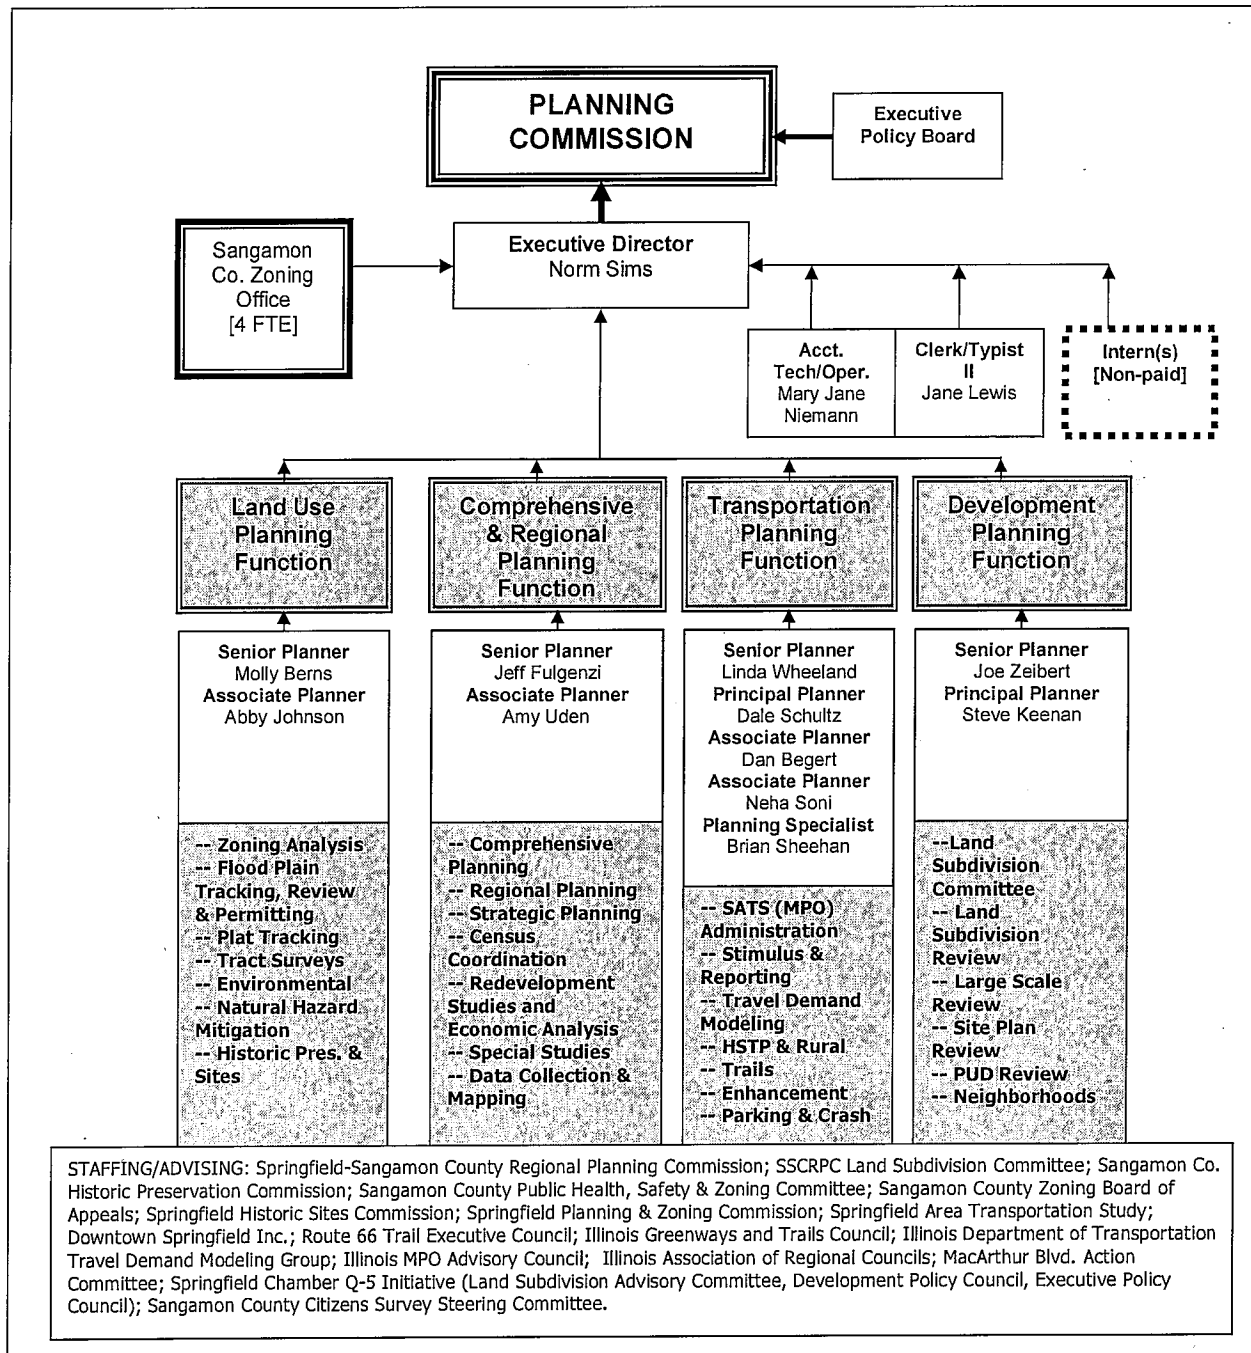

There being no further business, the meeting was adjourned at 9:43 AM.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Mary Jane Niemann".

Recording Secretary

SPRINGFIELD-SANGAMON COUNTY REGIONAL PLANNING COMMISSION Proposed Program & Staff Structure FY 2013

Springfield-Sangamon County Regional Planning Commission

Status: Current Project Inventory

Jan 2013 Update for PY2012-2013 * * * Indicates new project or change since last report.

The information on the following pages is intended to provide an on-going inventory and update of projects conducted by the Springfield-Sangamon County Regional Planning Commission's staff during the 2012-2013 Program Year. It is intended to provide Commissioners and others with a better understanding of the status of projects being undertaken by the Commission's staff, the scope of their activities, and some preliminary indication of projects under consideration.

The report is divided into the five 'portfolios' that make up the Commission's current organizational structure: Planning Administration; Comprehensive and Strategic Planning; Transportation Planning; Development Planning; and Land Use and Environmental Planning.

Project status is noted in three categories: projects *completed*, projects that are currently *active*, and '*pipeline*' projects, which include initiatives or requests for assistance that may move onto the work agenda during the program year.

Lead staff members are identified for each project as points of contact. The reader should note that on some occasions more than one staff member may be identified as a "Lead". This is often due to the project being broken into components with different staff members responsible for individual segments. It should also be noted that projects may involve staff from multiple planning areas outside of the portfolio area responsible for project completion.

The source of funds supporting each project is identified. Those listed as "Local", are projects that are being funded primarily under general planning work agreements with the City of Springfield and/or Sangamon County. Often projects involve a mix of funds. "ICRPF" identifies projects supported through Illinois Comprehensive Regional Planning Funds from the Illinois Department of Transportation. Those identified as "FHWA/FTA PL", are efforts supported using Federal Highway Administration and/or Federal Transit Administration planning funds.

Although most projects conducted by the SSCRPC are internal efforts that involve only Commission staff, in some cases the Commission contracts work to others. The "By Contract" column identifies whether or not the work is being conducted solely as an internal project, or whether a consultant or contract worker has been engaged, or both.

The reader should be aware that projects often have multiple components that could be broken out as individual projects. The Project Inventory does not identify these sub-projects, intending for the inventory to address only central projects for reporting purposes.

The inventory does not include such general duties as zoning review and land subdivision review. It also does not include general assistance to various jurisdictions, organizations, groups and committees that does not involve an identifiable project.

Projects Completed to Date During Program Year	Projects Currently Active During Reporting Period	Pipeline Projects Under Development
